

Heritage Construction, LLC

Located in Meridian, Mississippi, Heritage Construction, LLC is owned and operated by Hyder Bhatti. The firm offers services that include but are not limited to site preparation, poured concrete foundation and structure, HVAC, structural steel and precast concrete as well as a host of other trades. Heritage Construction, LLC is a recently certified DBE but also holds certifications with the Mississippi Development Authority, HUBZone, and 8 (a). Heritage Construction's mission is to provide top-quality construction service at a reasonable price and with high standards of customer service to public agencies.

Although the firm has been in business for 4 years, its strong presence in the Southeast has been established by performing both completed and negotiated work for various private clients and government agencies. The firm's portfolio also includes hotels, medical centers, office buildings, residential work, and asphalt paving. Some of the prime contractors Heritage Construction, LLC has worked with are JC Cheeks Contractors Inc. and Davidson Hauling & Construction. Upcoming jobs for the firm entail commercial construction for the Meridian and Gulfport Navy Bases.

Bhatti contributes being fully bondable, having diverse past performance and strong local market experience, and never failing to complete a project as differentiators among other contractors within the construction industry.

He leaves a word of advice to DBEs and small businesses alike. "I think it's important to attend the MDOT Pre-Bid as well as network with other contractors," said Bhatti.

For more information about this firm, please forward all correspondence to Hyder Bhatti at 601-934-7860 or heritageconstructionllc@yahoo.com.

A MISSISSIPPI SUCCESS STORY

EJES, Inc.

EJES is a full service Architecture and Engineering firm that provide architecture, civil, structural, mechanical, electrical, plumbing, environmental, and construction phase services. EJES, Inc. has offices located in Mississippi, Texas and Louisiana. Mr. Edwin Jones, P.E. is the CEO and Ms. Tanita Gilbert-Baker, P.E. is the Executive Vice President responsible for Mississippi and Louisiana operations. Recently hired, Mr. Kamal Rasheed, P.E., serves as the Gulf Coast Regional Manager. The firm's motto is "Providing Service with Excellence". EJES continually strives to provide quality engineering services on-schedule and within budget as well as be responsive and flexible when faced with clients' needs.

With over 20 years of proven experience, EJES, Inc. continues to grow and build positive working relationships with Federal, State, and local governments. One of the firm's largest active projects as a prime consultant is a \$35 million multidisciplinary IDIQ for the United States Army Corps of Engineers (USACE) that encompasses projects both nationally and internationally. Currently, the firm is executing a task order for MDOT which entails a bridge replacement project for SR 14 over Hashuqua Creek in Noxubee County. EJES is responsible for the design of the approaches along the mainline and detour. Also, EJES was issued this task order under their Roadway Design Master Contract in which the firm serves as prime consultant.

The firm is continuing to expand its staff throughout the company. "We're embracing succession planning and training our legacy and are in the process of recruiting new architecture and engineering graduates for our Jackson, Dallas and Houston offices as well as summer internships," said Gilbert-Baker. Having a positive impact on others and being a good corporate citizen is important as well. EJES, Inc. staff members participate in various community activities that range from serving on community boards such as the chambers of commerce, to giving thousands of dollars in scholarships to high school students. The firm has also formed several mentor protégé relationships with smaller firms to help them expand their capacity and experience.

Having the right resources is essential for almost any business. Gilbert-Baker along with her colleagues expressed how MDOT DBE SS/ Systems has given EJES a platform to share their experiences with potential clients, network with other firms and meet with influential decision makers.

Gilbert-Baker provides her top key factors involved in obtaining and sustaining a successful business which includes hiring the right people to get the job done right and efficiently along with having client satisfaction as a top goal since most business is repeat business. "If clients are satisfied the odds of getting another project from them are higher," said Gilbert-Baker.

Mississippi State University Center for Entrepreneurship and Outreach

Jeffrey Rupp

Director of Outreach

MSU College of Business

Center for Entrepreneurship and Outreach

Phone: (662) 325-8122

Email: jeffrey.rupp@msstate.edu

The Mississippi State University Center for Entrepreneurship and Outreach, CEO, is home to more than 100 active student start-ups at any given time. The CEO also works with clients who are not connected to the university and offers a variety of program geared toward leveraging the many university resources to help grow small businesses.

The outreach program is funded in part by a grant from the federal Economic Development Administration, EDA. Popular programs include:

1. **Marketing.** The CEO conducts business research for about 25 companies annually. Teams of students working on their MBAs partner with clients on customized projects with deliverables that can include: marketing, social media strategies, supply chain, competitor analysis, barriers to entry and other subjects. The team puts in over 100 hours of intensive research during the course of a semester and delivers to the client a formal presentation with recommendations, a written report and all of the raw data gathered during the research. The fee for the teams is \$2,500, well below the market rate for business consultants. Clients include CSpire and Yokohama Tires and the Minority PUL Alliance in Tupelo as well as dozens of mom and pop operations.
2. **Prototyping.** The CEO can also assist inventors with prototyping their ideas using our public maker space, the Idea Shop, located in downtown Starkville. This state-of-the art facility has 3-D printers as well as traditional woodworking and metal fabricating equipment.

If you would like more information on our services please contact me and we'll see how the CEO can assist you.

OSHA Safety Tip of the Month!

Backover Safety Tips

A backover incident occurs when a backing vehicle strikes a worker who is standing, walking, or kneeling behind the vehicle. These incidents can be prevented. According to the Bureau of Labor Statistics, over 70 workers died from backover incidents in 2011. These kinds of incidents can occur in different ways.

How do backover incidents occur?

- Backover accidents can happen for a variety of reasons. Drivers may not be able to see a worker in their blind spot. Workers may not hear backup alarms because of other worksite noises or because the alarms are not functioning. A spotter assisting one truck may not see another truck behind him. Workers riding on vehicles may fall off and get backed over. Drivers may assume that the area is clear and not look in the direction of travel. Sometimes, it is unclear why a worker was in the path of a backing vehicle. A combination of factors can also lead to backover incidents.

What can be done to prevent backover incidents?

- Many solutions exist to prevent backover incidents. Drivers can use a spotter to help them back up their vehicles. Video cameras with in-vehicle display monitors can give drivers a view of what is behind them. Proximity detection devices, such as radar and sonar, can alert drivers to objects that are behind them. Tag-based systems can inform drivers when other employees are behind the vehicle and can alert employees when they walk near a vehicle equipped to communicate with the tag worn by the employee. On some work sites, employers can create internal traffic control plans, which tell the drivers where to drive and can reduce the need to back up. In some cases, internal traffic control plans can also be used to separate employees on foot from operating equipment.
- Training is another tool to prevent backover incidents. Blind spots behind and around vehicles are not immediately obvious to employees on foot. By training employees on where those blind spots are and how to avoid being in them, employers can prevent some backover incidents.

HIGHLIGHTED PROJECTS FOR THE MONTH OF APRIL 2019

New Police Station / Diberville

Bid Date: April 23, 2019

Bid Time: 4:00 pm

Project Location: D'Iberville, Mississippi

Bids To:

Architect/Engineer: Machado | Patano, PLLC ; Donna Styron 228-388-1950

Pre-Bid Conference: 4/16/19 at 1:30 pm

Scope of Work: Your firm is invited to submit an offer under seal to Owner for construction of a New Police Station located at 11288 Lamey Bridge Road D'Iberville, Mississippi 39540 Before 4:00 pm local standard time on the 23rd day of April, 2019, for: B. Project Name: City of D'Iberville Police Department C. Project Number: 0207.15.001 D. Project Description: This project consists of the construction of a new approximately +/-17,500 SF Police Station and supporting site improvements as described in the Construction Documents and Specifications. E. Bid Documents for a Stipulated Sum contract may be obtained from the website of the Architect at www.mpengplans.us upon receipt of a non-refundable deposit, by cash or check, in the amount indicated on the plan room site for one set delivered in electronic PDF format. F. Bidders will be required to provide Bid security in the form of a Bid Bond of a sum no less than 5 percent of the Bid Amount or a certified check for a sum no less than 5 percent of the Bid Amount. G. Refer to other bidding requirements described in Document 002113 -Instructions to Bidders and Document 003100 - Available Project Information. H. Submit your offer on the Bid Form provided. Bidders may supplement this form as appropriate. I. If Bids are mailed or hand delivered, then they must be contained in a sealed envelope marked on the outside with the project name. They must be on file as received or delivered by the time stated above to the address of the Owner stated above. Do not deliver Bids to the project address or the Architect's address. The Owner is NOT responsible for bids which are mailed to the wrong address or which arrive in the mail after the designated bid opening time. J. Electronic Bid Submission will be accepted on this project. Online bids can be placed on the website of the Architect at www.mpengplans.us. If Bids are electronically submitted, then a title page containing the same information as would occur on the front of a sealed envelope must be included and must be clearly indicated as such in the file name. K. Bids in excess of \$50,000.00 must be marked on the outside of the envelope with the contractor's Mississippi certificate of responsibility number as issued by the Mississippi Board of Contractors. L. Per the Mississippi Law, MS Code 31-3-21(3); any bid submitted by a non-resident contractor which does not include the non-resident contractor's current state law pertaining to such state's treatment of non-resident contractors, shall be rejected and not considered for award. If no such law exists in the non-resident contractor's state, then the non-resident contractor may provide statement to that effect. M. Your offer will be required to be submitted under a condition of irrevocability for a period of 60 days after submission.

HIGHLIGHTED PROJECTS FOR THE MONTH OF APRIL 2019

HIGHLIGHTED PROJECTS FOR THE MONTH OF APRIL 2019

St. Martin High School Field House Interior Build-Out

Bid Date: April 30th day of April, 2019

Bid Time: 4:00 pm local

Project Location: Ocean Springs, MS

Bids To: Jackson County School District 10800 Yellow Jacket Blvd., Ocean Springs, MS 39564

Architect/ Engineer: Machado | Patano, PLLC; Donna Styron 228-388-1950

Scope of Work: Your firm is invited to submit an offer under seal to Owner for the interior buildout of an existing approximately 7,600 square foot Field House located at 10800 Yellow Jacket Blvd., Ocean Springs, MS 39564 just south of the football field before 4 pm local standard time on the 30th day of April, 2019 for: Project: St. Martin High School Field House Interior Build-Out Project Description: Interior buildout as described in the construction documents and specifications.

Bid Documents for a Stipulated Sum contract may be obtained from the website of the Architect at www.mpeng.us/plan-room upon receipt of a non refundable deposit, by cash or check, in the amount indicated on the plan room site for one set delivered in PDF format. Bidders will be required to provide Bid security in the form of a Bid Bond of a sum no less than 5 percent of the Bid Amount. Refer to other bidding requirements described in Document 002113 – Instructions to Bidders. Submit your offer on the Bid Form provided. Bidders may supplement this form as appropriate.

Do not deliver Bids to the project address or the Architect's address. The Owner is NOT responsible for bids which are mailed to the wrong address or which arrive in the mail after the designated bid opening time. Electronic Bid Submission will be accepted on this project. Online bids can be placed on the website of the Architect at www.mpengplans.us. If Bids are electronically submitted, then a title page containing the same information as would occur on the front of a sealed envelope must be included and must be clearly indicated as such in the file name. Bids shall be submitted in a sealed enveloped marked on the outside "St. Martin High School Field House Interior Buildout." Bids in excess of \$50,000.00 must contain the contractor's Mississippi certificate of responsibility as issued by the Mississippi Board of

HIGHLIGHTED PROJECTS FOR THE MONTH OF APRIL 2019

College View Drive Sidewalk Addition

Bid Date: 05/01/19

Bid Time: 9:00 AM CT

Project Location: Starkville, Mississippi

Bids To: City Clerk Office of the City of Starkville, Mississippi in the Starkville City Hall, 110 West Main Street, Starkville, MS 39759

Scope Of Work: Site work and paving for a sidewalk / parking lot in Starkville, Mississippi. Completed plans call for site work for a sidewalk / parking lot; and for paving for a sidewalk / parking lot.

The work generally consists of milling, placement of asphalt pavement, earthwork, drainage improvements, and the installation of concrete curb and gutter and sidewalk as detailed in the plans and specifications.

The general outline of the work does not in any way limit the responsibility of the Contractor to perform all work and furnish all plant, labor, equipment and materials required by the specifications and the drawings referred to therein.

The contract time is 45 calendar days. Liquidated damages will be assessed in the amount of Seven Hundred Dollars (\$700.00) for each calendar day the Work has not achieved Substantial Completion.

Special Damages - In addition to the amounts provided for liquidated damages, Contractor, in the event of such default, shall pay the Owner the actual costs reasonably incurred by Owner for engineering and inspection forces employed on the work after the time stipulated for the completion of the work.

Certificate of Responsibility: Each contractor submitting a bid in excess of \$50,000.00 must show on his bid and on the face of the envelope containing the bid, his Certificate of Responsibility Number, as required by Section 31-3-21 and 21-3-15, Mississippi Code of 1972. If the bid does not exceed \$50,000.00, a notation so stating must appear on the face of the envelope.

No bid will be opened, considered or accepted unless the information is given as specified.

Proposals shall be submitted in a sealed envelope and deposited with the City of Starkville prior to the hour and date herein before designated. No bidder may withdraw his bid within ninety (90) days after the actual date of the opening thereof.

Each Bidder must deposit with his proposal, a Bid Bond or Certified Check in an amount equal to five percent (5%) of his bid, payable to the City of Starkville, as bid security. The successful bidder will be required to furnish a Payment Bond and Performance Bond each in the amount of one hundred percent (100%) of the contract amount.

HIGHLIGHTED PROJECTS FOR THE MONTH OF APRIL 2019

20th Avenue Improvement

Bid Date: May 9, 2019

Bid Time: 10:00 a.m.

Project Location: Gulfport, MS

Bids To: City of Gulfport Procurement Department, 1410 24th Avenue, Hardy Building, 2nd Floor, Gulfport, MS 39501.

Architect/ Engineer: Gulfport City Engineer 4050 Hewes Ave Gulfport, Mississippi 39507

Scope of Work: 20th Avenue Improvements Harrison County, Mississippi Federal Aid Project No. STP-7822-00(004)LPA/107556-701000 The CITY OF GULFPORT will receive bids for 20th Avenue Improvements, Federal Aid Project No. STP-7822-00(004)LPA/107556-701000. All bids so received will be publicly opened and read aloud. The work shall consist essentially of the following: Project consists of roadway and pedestrian improvements on 20th Avenue from U.S. Highway 90north to 15th Street. Improvements shall include revisions to the roadway, new asphalt, curb and gutter, sidewalks, relocation of traffic signal and street lighting. The above general outline of features of the work does not in any way limit the responsibility of the Contractor to perform all work and furnish all plant, labor, equipment and materials required by the specifications and drawings referred to therein. The attention of the Bidders is directed to the Contract Provisions governing selection and employment of labor. Minimum wage rates for Federal-Aid projects have been predetermined by the Secretary of Labor and are subject to Public Law 87-581 Work Hours Act of 1962, as set forth in the Contract Provisions. The City of Gulfport, Harrison County, hereby notifies all Bidders that it will affirmatively insure that in any contract entered into pursuant to this Advertisement, Disadvantaged and Women's Business Enterprises will be afforded the full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award. The award of this contract will be contingent upon the Contractor satisfying the DBE/WBE requirements. The DBE goal is 1%. The Contract Documents are on file and may be examined at the Issuing Office: Brown, Mitchell & Alexander, Inc. 401 Cowan Road, Suite A Gulfport, MS 39507 Contract Documents may be examined at the Issuing Office, Monday through Thursday (between the hours of 7:30 a.m. and 5:30 p.m.) and Friday (between the hours of 8:00 a.m. and noon). Copies of the Contract Documents may be obtained as described below: Contract documents are being made available via paper copy or .pdf for a charge of \$150.00 (hard copy) or \$50.00 (CD). Plan holders are required to log-in or register for an account at www.bmaprojects.com to view and order Contract Documents. All plan holders are required to have a valid email address for registration. The cost for the Contract Documents is non-refundable and must be purchased through the website. The date that the Contract Documents are transmitted by the Issuing Office will be considered prospective Bidder's date of receipt of the Contract Documents. Partial sets of Contract Documents will not be available from the Issuing Office. Neither Owner nor Engineer will be responsible for full or partial sets of Contract Documents, including Addenda, if any, obtained from sources other than the Issuing Office.
