

Sumrall's Construction Company

Located in Gulfport, Mississippi, Article Sumrall is the owner and operator of Sumrall's Construction Company. The firm provides highway, street and bridge construction, site preparation, concrete, and other services to various governmental and private sector clients in the Pascagoula, Gulfport, Waveland, and Scott County areas. Sumrall is fueled by a great team that is largely comprised of family members.

With over 30 years of experience, hard work, and relationship building the firm continues to grow and acts as the prime contractor on most projects. One of the firm's largest contracts included a 3.5 million dollar resurfacing project located in Hancock County. Sumrall Construction Company, Inc. was the prime contractor for this particular job. Currently, the firm is working on a sidewalk and driveway in Biloxi, Mississippi. Sumrall says he plans to continuously bid projects within his area of expertise.

Owning a successful business means a lot to Sumrall. He says that he is grateful to be able to provide employment to others as well as leave behind a legacy for his children. Over the past year, Sumrall stated that the size of projects have increased and been extended by two years.

Being impactful within his community is just as essential as being successful. Sumrall mentioned that his business is a positive influence because many people see what his company is doing and want to be a part of it; especially since it is very family oriented.

Sustaining a successful business can encompass various aspects. Sumrall gave a list of his top key factors. "First, you must provide quality work. Secondly, it is important to bid consistently to increase your chances of getting more jobs. Also, as a DBE you need to take time and review opportunities that are forwarded by MDOT DBE Supportive Services. Last but definitely not least, you need good communication with your team and customers," said Sumrall.

For more information on this firm, or to contact Mr. Sumrall please send your correspondence to 228-861-9159 or sumrall@cablone.net.

A MISSISSIPPI SUCCESS STORY

Love Trucking, LLC.

Love Trucking is a small family owned business operated by Mr. Robert Love. The firm is located in Jackson, MS and offers hauling services that include specialized freight and the hauling of earth movement materials. The firm has been in business for about 32 years and a certified DBE for 8 years. Some of the services offered by this firm include specialized trucking (except used good) and hauling of earth movement materials. The firm's team members are comprised of Robert Love, Rodney Love, Dennis Love, and Cedric Love. Love Trucking, LLC, takes pride in team work and exceptional service.

The firm has been in business for many years and has had the opportunity to work on several projects with prime contractors around the state. Some of the prime contractors include Dickerson & Bowen, APAC MS, Superior Asphalt, and Hemphill Construction. Love Trucking, LLC has also completed projects for the City of Jackson, Jackson Medgar Evers International Airport, as well as host of other projects. Currently, the firm is working on an asphalt job for the City of Jackson and also anticipates completing a sludge job for the City of Jackson as well.

The trucking industry can be tough and competitive but one advantage and unique skillset amongst the members of this firm include in-house mechanics which is a time and money saver. In addition, as a family owned firm, service is warm yet professional. However, Mr. Love know the ups and downs of being a small business owner and provides a word of advice to DBE firms and alike "Stay true to what you say and always be professional."

For more information on this firm, please forward all correspondence to Mr. Robert Love at 601-331-2828 or rlove_mhsm@yahoo.com.

Benefits of Systems DBE Supportive Services

Systems
Consultants
Associates

1. Business Plan Assistance

A business plan is universally considered key to sound business preparation. Supportive Services provides comprehensive assistance with a client's business, strategic and/or action plan development.

2. General Contractor Study Material

Wanting to sit for the general contractor's exam? The Supportive Services office provides free study support for that and the Mississippi business law exam.

3. Bidding & Estimating Software Access

Wanting to improve bid accuracy? Clients get access to select bidding and estimating software, that supports most construction trades.

4. MDOT Bidding Process Navigation

MDOT only accepts online bids and learning a new software application can be daunting. Supportive Services helps its clients navigate MDOT's online bid process.

5. Social Media Assistance

Too little time to get your business involved in social media? For the client interested in a digital marketing strategy, Supportive Services can assist in developing and maintaining social media advertising to help increase profitability.

6. Business Advisor Access

Supportive Services has a team with 60 plus years of business, financial, project management, human resources and marketing knowledge and experience eager to help its clients increase their business success.

7. Customized Support

Supportive Services recognizes that no two companies are exactly alike. It assists clients through developing customized growth strategies to improve profitability.

8. Workspace Availability

Clients can access temporary work space, free wifi, office support equipment (printers, media, etc.), and human resources. The Supportive Services office becomes an extension of a client's office.

9. Connections to External Resources

Having the right resources is important to overall company development. Supportive Services connects its clients to external resources, such as bonding, financing, training and other business assistance.

10. Opportunities and Bid Lists' Access

Contractors generally have little time to seek work. Monthly, Supportive Services clients receive an easy-to-navigate list of bid opportunities delivered directly to their inbox, limiting search time.

11. Human Resources Counseling

Whether advocating on your behalf or helping find additional employees or subcontractors, the Supportive Services staff become a vital part of your team

12. Customer-base Expansion Support

With the client's goal of finding new customers and winning contracts, the Supportive Services team arranges strategic meetings, workshops, and networking events to help the client promote its business expertise and build capacity.

13. Marketing Assistance

If buyers don't know you exist, then expanding your business is difficult. Effective marketing is essential.

Styling Your life Smart Solutions, Inc.

Sherri Davis-Garner is the proud owner of Styling Your Life Solutions, LLC located in Madison, Mississippi. The firm provides human resources consulting services such as strategic planning, staff training and development, and executive leadership coaching to companies and organizations throughout Mississippi and other states such as Missouri, Washington D.C., Maryland, and Texas. The firm has been in business for four years and is a six-year certified DBE as well as a Woman Owned Small Business.

Davis-Garner, a certified executive leadership coach received one of the highest coaching certification credentials from Georgetown University (DC) and Newfield Network (Asia, Europe, and South America). She also received her Professional Coaching Certification (PCC) from the International Coaching Federation. In addition, Garner-Davis earned a certification in negotiation from Harvard University. She always strives to have the skillset in order to make a successful impact with the many companies she works with.

Such experience and knowledge has afforded her firm the opportunity to work with several organizations. Styling Your Life Solutions has designed a strategic plan to ensure growth and economic development for Hinds County's 245,000 residents. In addition, the firm has developed leadership training to strengthen operational functions for all of Meridian's directors and managers as well as facilitated tenant negotiations, contractual bids and request for proposals for the Jackson Municipal Airport Authority. Currently, Styling Your Life Solutions, LLC is working on out of state projects within metropolitan areas to design strategic plans (the direction each company wants to go). An anticipated project for this firm entails analyzing and developing a strategic plan for one of the largest counties in America.

Davis-Garner ensures that her firm's services are customized and tailored for her customers. "Every time I work with a client, there is no cookie cutter approach to the business need or problem," said Garner-Davis. She also mentioned that it takes a lot of creativity to craft each strategy to guarantee the client gets what the client needs. One of the areas Davis-Garner considers a focal is management. Her strength and skillset in leadership and management plays a major role in helping executive and mid-level managers lead and make sometime hard decisions.

Davis-Garner understands what it takes to be an entrepreneur. She leaves a word of advice to other DBEs and small businesses alike. "It is important to diversify and look for work outside of Mississippi as well as have multiple skillsets," said Garner-Davis. OSHA Safety Tip of the Month!

Proper Use of Hand Tools & Equipment

Crushed hands and arms, severed fingers and limbs, lacerations and abrasions - the list of possible machinery-related injuries is long and horrifying. Many hazards are created by moving machine parts. The purpose of machine guarding is to protect the machine operator and other employees in the work area from hazards created by ingoing nip points, rotating parts, flying chips and sparks. Some examples of this are barrier guards, light curtains, two-hand operating devices etc.

Machines that expose an employee to injury must be guarded. The guarding device must:

- Guards must not create potential hazards and must be attached to the machine where possible.
- If guards cannot be attached to the machine, attach elsewhere.
- Be in conformity with any appropriate standards.
- If specific standards are not available, the machine construction should prevent the operator from having any part of his/her body in the danger zone during the operating cycle.
- Special hand tools used for placing and removing material from point of operation areas must allow easy handling of the material without the operator placing a hand in the danger zone. Such tools must not replace guards required by this section.

No bidder may withdraw his bid within 90 days after the actual date of the opening thereof. Awarding public contracts to non-resident Bidders will be on the same basis as the non-resident bidder's state awards contracts to Mississippi Contractors bidding under similar circumstances.

In order to ensure that Mississippi's so-called Golden Rule is followed state law requires a non-resident bidder is to attach to his bid a copy of his resident state's current laws pertaining to such state's treatment of non-resident contractors. Contract Drawings, Contract Specifications, Instructions to Bidders and Bidders Proposal forms are on file and open to public inspection in the office of the City Clerk, City of Hattiesburg, 200 Forest Street, Hattiesburg Mississippi 39401.

Each Bidder must deposit with his proposal, a Bid Bond or Certified Check in an amount equal to five percent of his bid, payable to the Owner, as bid security. Bidders shall also submit a current financial statement, if requested, by the Owner. The successful bidder will be required to furnish a Payment Bond and Performance Bond each in the amount of 100 percent of the contract amount. "Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition" as referred to herein, may be purchased from the Mississippi Department of Transportation. The Owner reserves the right to reject any and all bids and to waive any informalities or irregularities therein.

HIGHLIGHTED PROJECTS FOR THE MONTH OF JULY 2019

Warren County Port Commission - Engineering Services

Bid Date: August 8, 2019

Bid Time: 9:00 a.m.

Project Location: Vicksburg, MS

Bids To: Warren County Port Commission at 2020 Mission 66, Vicksburg, MS, 39180,

Scope of Work: The Warren County Port Commission requests qualified organizations - namely private Engineering Firms and other qualified firms - to furnish professional engineering services for Design of Plans and Specifications that would be suitable for potential building contractors to develop and submit bids for construction, for a "Permanent Industrial Road" to be located at the CERES Industrial Park in Warren County, Mississippi. Responses to this RFQ must include a clear description of how the consulting firm or qualified organization will accomplish the deliverables listed below and a clear time table for the deliverables. Sections to be included in a response to the RFQ:

A. Statement of Qualifications- The firm must clearly identify the team's experience in offering the services and deliverables specified in this RFQ. The statement of qualifications should include a list of the agencies that have been served or are currently being served by the firm or qualified organization. Additionally, the firm must list similar road projects which the firm has had experience and the extent of the firm's involvement in such project(s).

B. Clearly define the qualifications, professional history, and expertise of the members of the firm and the team most like to work on the proposed project in Warren County. This includes identifying any subcontractors or joint ventures and the professional history and expertise of those entities also.

C. A narrative style description must be included of how the consulting firm will work with the Warren County Port Commission to fulfill the project requirements.

D. A clear timetable defining the time that the deliverable will take to be completed.

Please list the name, phone number, and email address of at least three representatives/owners of projects with whom your firm has worked on similar projects.

Deliverable: Design of Plans and Specifications (suitable for potential contractors to develop and submit bids) for the construction of a "Permanent Industrial Road", estimated to be .20 miles (+/-), to be located at the CERES Industrial Park in Warren County, Mississippi. Submittals will be reviewed by the Warren County Port Commission to evaluate the qualifications of the firms. The commission, in its discretion, may also choose to interview one or more firms. Any contract negotiated will be on a fixed price basis following contract negotiations with the selected firm to determine compensation that is fair and reasonable based on a clear understanding of the project scope, complexity, professional nature, and the value of services to be rendered. The Warren County Port Commission reserves the right to reject any and all submittals.
