

Traweek Construction, LLC

Jessica Traweek is the proud owner and operator of Traweek Construction located in Wiggins, Mississippi. The firm offers services that include but are not limited to water supply, irrigation systems, and landscaping services. Established in 2008, the firm is dedicated to providing a quality product in a timely manner. In addition, Traweek Construction services clients throughout Mississippi, Alabama, and Louisiana.

Traweek entered the construction industry for the challenge as well as to build a legacy. "There are not many women in construction and I knew that I could do it," she explained. Throughout her years of entrepreneurship, Traweek has built good working relationships with prime contractors such as Gulf Equipment, Yates Construction, S T Bunn Construction, Orocon Construction, and Roy Anderson Corporation. Some of her firm's past projects include erosion control for I-10 interchange (D'Iberville, MS), irrigation landscaping for the Columbus Soccer Sportsplex, and irrigation landscaping for Highway 463 Bridge.

Traweek Construction is currently working on a number of projects in Tuscaloosa, Alabama. The projects entail landscaping and irrigation services for Cary Woods Elementary School along with Jack Warner Parkway, Martin Luther King Jr. Boulevard and several other local roads. The firm anticipates two additional landscape and irrigation jobs also located in Alabama.

As an experienced small business owner, Traweek leaves a word of advice for fellow DBEs and alike. "Always remember to put forth quality work because it is a reflection of your business's reputation," said Traweek.

For all of your landscaping and irrigation needs contact Jessica Traweek at 601-928-5555 or jessicat@traweekconstruction.com.

A MISSISSIPPI SUCCESS STORY

Bull Dog Construction Company, Inc.

Located in Madison, Mississippi, Bulldog Construction Company is owned and operated by Nancy Black. The firm offers services such as site development, curb and gutter, demolition, concrete repair, and undersealing (a newly added scope of work). Black explained that undersealing is the process where polyurethane foam is used to level out concrete and fill voids. Since 1992, Bulldog Construction's objective has been to complete projects on time and with the best of quality.

The firm has over 25 years of experience within the construction industry which has afforded them the opportunity to work on several projects throughout the state of Mississippi. One of the largest projects completed to date included a City of Jackson (concrete repair) job with APAC-Mississippi as the prime contractor. Currently, Bulldog Construction is working on another City of Jackson project under the general contractor Dickerson & Bowen. The firm continues to build partnerships and has had the chance to work with new clients such as Fowler Construction (Wolcott Park) and Mississippi State University (ADA Repairs).

Working in the construction industry during a pandemic has created challenges for many business owners. "I have kept the same number of employees and am grateful for the work we have had, especially during the pandemic," said Black. She also thanked MDOT DBE Supportive Services for keeping her informed of upcoming projects as well as the use of different organizations for information.

As an entrepreneur, Black is diligent when it comes to teaching others the importance of a good work ethic and leadership because both play a major role in obtaining and sustaining a successful business.

For all of your construction needs contact Nancy Black at 601-853-4242 or kcalbn@aol.com.

OSHA Safety Tip of the Month!

Protecting Workers from Cold

Cold temperatures and increased wind speed (wind chill) cause heat to leave the body more quickly, putting workers at risk of cold stress. Anyone working in the cold may be at risk, e.g., workers in freezers, outdoor agriculture and construction.

Common Types of Cold Stress

Hypothermia

- Normal body temperature (98.6°F) drops to 95°F or less.
- Mild Symptoms: alert but shivering.
- Moderate to Severe Symptoms: shivering stops; confusion; slurred speech; heart rate/breathing slow; loss of consciousness; death.

Frostbite

- Body tissues freeze, e.g., hands and feet. Can occur at temperatures above freezing, due to wind chill. May result in amputation.
- Symptoms: numbness, reddened skin develops gray/ white patches, feels firm/hard, and may blister.

Trench Foot (also known as Immersion Foot)

- Non-freezing injury to the foot, caused by lengthy exposure to wet and cold environment. Can occur at air temperature as high as 60°F, if feet are constantly wet.
- Symptoms: redness, swelling, numbness, and blisters.

Risk Factors

- Dressing improperly, wet clothing/skin, and exhaustion.

How to Protect Yourself and Others

- Know the symptoms; monitor yourself and co-workers.
- Drink warm, sweetened fluids (no alcohol).
- Dress properly: – Layers of loose-fitting, insulating clothes – Insulated jacket, gloves, and a hat (waterproof, if necessary) – Insulated and waterproof boots.

For more information visit www.osha.gov.

Opportunities for Small Businesses

GSA's procurement programs offer great ways for small businesses to partner with the agency. The Office of Small Business Utilization (OSBU) helps provide access to these opportunities by pointing out the steps to success.

First Steps

Businesses interested in selling products and services at both a prime- and sub-contractor level should:

- Register your business with the [Central Contractor Registration](#) (CCR) system, the primary database for contractors working with the federal government. A vendor must be registered prior to the award of a contract. To register in CCR, a firm must have a Data Universal Numbering System (DUNS) number. The DUNS Number is assigned by [Dun & Bradstreet, Inc.\(D&B\)](#) [NonGovernment website] to identify unique business entities.
- **Identify the size of your business - visit the [Small Business Administration website](#) for complete information about what size qualifies a business as "small" and therefore eligible for federal programs and assistance.**
- [Get a NAICS code](#). It is a business classification identification obtained from the North American Industry Classification System, which defines the business classification schema used by the federal government. The NAICS code is often used by federal agencies in procurement and regulatory applications.
- Visit [FedBizOpps](#) often and register there to be notified of newly posted opportunities;
- Browse the [GSA Subcontracting Directory](#) for opportunities to subcontract with existing GSA Prime Contractors;
- Visit the [GSA Forecast of Contracting Opportunities](#) to see upcoming contract awards.

Businesses who have never done business with GSA before should:

- Go to [For Businesses without GSA Contracts](#) to learn how to get started;
- Go to the [Training for Small Businesses](#) page and check the Upcoming Training schedule for workshops and forums on how to do business with GSA.

Questions?

At any stage in the process, small businesses can contact their [Regional Office of Small Business Utilization](#) with any questions or concerns.

For more information visit www.gsa.gov .

HIGHLIGHTED PROJECTS FOR THE MONTH OF JANUARY 2021

Water Main Upgrade Broad Street/Old Hwy 98 E

Bid Date: January 20, 2021

Bid Time: 10:00 A.M.

Project Location: Columbia, MS / Marion County

Bids To: Sealed bids will be received by The Honorable Justin McKenzie, Mayor of the City of Columbia, Mississippi at the City Hall located at 201 Second Street, Columbia, MS 39429, (601-736-8201), and shortly thereafter will be opened and publicly read.

Engineer: Dungan Engineering / (601) 731-2600

Scope of Work:

Site work for a water / sewer project in Columbia, Mississippi. Completed plans call for site work for a water / sewer project. Job No. 1063c098 The work involved in the project includes new water main and appurtenance installation along Broad Street/Old Hwy 98 East in the City of Columbia as described in the Contract Documents. A bid bond or certified check in the amount of 5% of the bid will be required. The bid bond or certified check will be returned immediately to unsuccessful bidders. Bidders are hereby notified that any proposal accompanied by letters qualifying in any manner the condition under which the proposal is tendered will be considered an irregular bid and such proposals will not be considered in making the award. A performance bond, or equal, in the full amount of the contract will be required of the successful bidder. In lieu of a performance bond the successful bidder may post with the City of Columbia, Mississippi, the full amount of the bid, in cash or its equivalent, conditioned for the prompt, proper and efficient performance of the contract; said cash or its equivalent to be held until the successful completion of the project. Attention is called to the fact that contracts exceeding \$50,000 require contractors to be licensed under applicable laws of the State of Mississippi and have a certificate of responsibility.

Minority and women's business enterprises are solicited to bid on this contract as prime contractors and are encouraged to make inquiries regarding potential subcontracting opportunities, equipment, material and/or supply needs.

The City of Columbia is an Equal Opportunity Employer. The City of Columbia hereby notifies all Bidders that it will affirmatively insure that in any contract, entered into pursuant to this advertisement, all will be afforded the full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, religion, sex, national origin, age, disability, marital or veteran status, or any other legally protected status in consideration for an award.

The City of Columbia reserves the right to waive irregularities and to reject any and/or all bids.

HIGHLIGHTED PROJECTS FOR THE MONTH OF JANUARY 2021

Midway Road Bridge Replacement

Bid Date: January 21, 2021

Bid Time: 10:00 A.M.

Project Location: Clinton, MS / Hinds County

Bids To: Bid Date Extended 01/13/2021 to 01/21/2021 As per Adda 1. The Mayor and Board of Alderman of Clinton, Mississippi, will receive bids for the Midway Road Bridge Replacement Federal Aid Project No. STP-7266-00(001)/LPA 108124-701000 at the Department of Finance and Administration of the City of Clinton located at 530 South Frontage Road, Clinton, MS 39056. All bids so received will be publicly opened and read aloud. Digital proposals/bids may be submitted using electronically.

Engineer: WGK Inc / (601) 925-4444

Scope of Work:

Demolition, site work, paving and new construction of a bridge / tunnel in Clinton, Mississippi. Completed plans call for the demolition of a bridge / tunnel; for the construction of a bridge / tunnel; for site work for a bridge / tunnel; and for paving for a bridge / tunnel.

The work shall consist essentially of the following items: Removal of existing pre-cast concrete bridge; construction of new pre-cast concrete bridge and minor asphalt milling/overlay. The above general outline of features of the work does not in any way limit the responsibility of the Contractor to perform all work and furnish all plant, labor, equipment and materials required by the specifications and the drawings referred to therein. The attention of bidders is directed to the Contract Provisions governing selection and employment of labor.

Each bid shall be accompanied by a Certified Check on a solvent bank or a Bidder's Bond issued by a Surety Company licensed to operate in the State of Mississippi, in the amount of five percent (5%) of the total bid price, payable to City of Clinton, MS as bid security. Bidders shall also submit a current financial statement, if requested by the City. The successful bidder will be required to furnish a Performance Bond and a Payment Bond each in the amount of one hundred percent (100%) of the contract amount.

No bidder may withdraw his bid within sixty (60) days after the date of actual bid opening, without Owners consent. Work to be performed shall be in accordance with the "Mississippi State Highway Standard Specifications for Road and Bridge Construction, 2017 Edition", together with all amendments and/or special provisions and/or addenda to the standards duly approved and adopted, unless otherwise noted in these specifications. The attention of Bidders is directed to the provisions of Subsection 102.07 pertaining to irregular proposals and rejection of bids.

Estimated Value \$400,000

HIGHLIGHTED PROJECTS FOR THE MONTH OF JANUARY 2021

Restoring Living Shorelines and Reefs in Mississippi Estuaries

Bid Date: January 21, 2021

Bid Time: 2:00 P.M.

Project Location: Philadelphia, MS / Neshoba County

Bids To: Bid Date Extended 01/19/2021 to 01/21/2021 as per adda 1. Sealed bids will be received at the MDEQ office located at 515 East Amite St., Jackson, MS 39201 or electronically All bids received after this deadline will be returned unopened.

Engineer: Covington Civil and Environmental, LLC/ (228) 396-0486

Scope of Work:

Site work for a water / sewer project in Biloxi, Mississippi. Completed plans call for site work for a water / sewer project. Project 1. Wolf River Living Shoreline and Subtidal Reef. The proposed project includes construction of approximately 1,388 feet (ft) of breakwater along an island at the mouth of the Wolf River in St. Louis Bay. The project also includes construction of approximately 30 acres (ac) of subtidal reef habitat in St. Louis Bay, adjacent to current reef projects at the mouth of the Wolf River. Approximate site locations for the breakwater and subtidal reefs are depicted in Figure 2, below. The substrate in the action area is composed of soft bottom sand and mud located in shallow water at a depth no greater than 6 ft below mean low lower water (MLLW). Construction of the subtidal reef would permanently cover approximately 30 ac of this substrate and the breakwater would permanently cover an additional 1.3 ac. To the extent practicable, subtidal habitat would be sited in locations where there is existing or adjacent historic oyster reef habit. Submerged aquatic vegetation (SAV) is not anticipated to be present in the project area and no impacts to SAV are anticipated at this time. If there is any potential for SAV to be present in the project area, SAV surveys would be completed prior to final site selection to avoid impacting SAV to the extent practicable. Navigation signs s Conceptual project design features represent generalized areas and are subject to refinement This map produced by the CCE Team, on 25. March 2016. Note: Breakwaters (1,388 feet) and Subtidal Reefs (30 acres) will be sited within the (152 acres). Definitions for breakwaters and subtidal reefs were in the Phase IV Restoration Plan/ Environmental Assessment/FONSI published on September 23, 2015 and are included here: All map data is from the CCE Team, Mississippi Geospatial Clearinghouse, and Esri. Coordinate System: NAD 1983 CORS96 UTM Zone 16N Projection: Transverse Mercator The CCE Team makes no warranties, expressed or implied, as to the accuracy, completeness, currentness, reliability, or suitability for any particular purpose, of the data contained on this map. Breakwater: Linear structures that may utilize artificial and/or shell-based materials placed parallel to the shore in medium to high energy open-water environments for the purpose of dissipating wave energy to reduce shoreline erosion. Restoring Living Shorelines and Reefs in Mississippi Estuaries St. Louis Bay - Wolf River Component Project Area Conceptual Subtidal Reef @3 Existing Reef Project Historic Oyster Reefs Proposed Phase IV Breakwater 4 may be required along the breakwater by the USCG Private Aids to Navigation Office. The maximum number of navigation signs, if required, is estimated to be 9. Navigation signs would consist of a 12-inch (in) treated wood piling with a plywood or aluminum day board sign and lighted beacon. The piles would be driven by hand to resistance and as necessary a vibratory hammer from a barge would be used to install piles to a depth ranging from 10-30 ft below the substrate. Construction is expected to take 2-6 months.

HIGHLIGHTED PROJECTS FOR THE MONTH OF JANUARY 2021

Kings Daughters Reroof

Bid Date: January 26, 2021

Bid Time: 2:00 P.M.

Project Location: Greenville, MS / Washington County

Bids To: Electronic Or Sealed bids must be submitted to Delta Health - The Medical Center Blake Rogers, Director of Materials Management 1400 E. Union St. Greenville, MS 38704 Bid Number: 2021-01. Bids shall be opened in the Cypress Room at Delta Health - The Medical Center. All bids must be sealed, and the outside of the envelope must bear the bid number and contractors certificate of responsibility number issued by the Mississippi Contractors License Board

Architect: McCarty Architects / (662) 844-4400

Scope of Work:

Renovation of a medical facility in Greenville, Mississippi. Completed plans call for the renovation of a medical facility.

Bidder's Experience: Due to the special health, safety, and welfare nature of construction inside a fully operational hospital, the owner request that bidders demonstrate successful completion of three hospital projects of similar size, scope, and complexity in the past five years on the bid form as part of the bid evaluation process. Provide experience information to include Project Name, Location, Construction Value, Completion Date, and Owner Contact.

This notice shall be published for the time and in the manner provided by law in the Delta Democrat Times, a newspaper published in Washington County, Mississippi and having general circulation therein. The notice will also be published with the Mississippi Development Authority as required by law.

A nonresident contractor's failure to attach the current preference law or laws to the bid will prevent consideration of the nonresident contractor's bid.

HIGHLIGHTED PROJECTS FOR THE MONTH OF JANUARY 2021

County Road 221 Crossing Grenada Lake Over Skuna River

Bid Date: January 27, 2021

Bid Time: 9:00 A.M.

Project Location: Coffeeville, MS / Yalobusha County

Bids To: Bid date extended. Board of Supervisors, Yalobusha County, Mississippi, will receive bids no later than deadline, at the Office of the Chancery Clerk located at 14400 Main St, Coffeeville, MS 38922, or can be submitted electronically or can be emailed to ycpo@yalobushacounty.net. All bids so received will be publicly opened and read aloud. The bid opening will be held in the Conference Room on the 2nd floor of the Yalobusha County Courthouse. Interested persons are invited to attend.

Engineer: Garver / (601) 825-3633

Scope of Work:

Demolition, site work, paving and new construction of a bridge / tunnel in Coffeeville, Mississippi. Completed plans call for the demolition of a bridge / tunnel; for the construction of a bridge / tunnel; for site work for a bridge / tunnel; and for paving for a bridge / tunnel.

The Board of Supervisors, Yalobusha County, Mississippi, will receive bids for the removal and construction of the County Road 221 Bridge crossing Grenada Lake over Skuna River, for a total project length of 0.44 miles. The work shall consist essentially of the following items: Removal and construction of approximately 1,368 linear feet of bridge structure and 961 feet of roadway. Additional items include retaining wall construction, permanent bank stabilization, grading, striping, and signage. The above general outline of features of the work does not in any way limit the responsibility of the contractor to perform all work and furnish all plant, labor, equipment and materials required by the specifications and the drawings referred to therein. The Board of Supervisor of Yalobusha County hereby notifies all Bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, disadvantaged and women's business enterprises will be afforded the full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award. The award of this contract will be contingent upon the Contractor satisfying the DBE/WBE requirements. Work to be performed shall be in accordance with the "Mississippi State Highway Standard Specifications for Road and Bridge Construction, 2017", together with all amendments and/or special provisions and/or addenda to the standards duly approved and adopted, unless otherwise noted in these specifications. The attention of Bidders is directed to the provisions of Subsection 102.07 pertaining to irregular proposals and rejection of bids. Bidders are advised that construction will adhere to the standards of Nationwide 23 Permit Conditions. A copy of these conditions is included in the construction documents.

HIGHLIGHTED PROJECTS FOR THE MONTH OF JANUARY 2021

Bid Date: January 27, 2021

Bid Time: 4:00 P.M.

Project Location: Biloxi, MS / Harrison County

Bids To: Rebid from 12/16/2020, Bids shall be delivered to the mayors office, second floor, city hall building, 140 lameuse street, biloxi, mississippi, 39530, or electronically submitted and shall be addressed to the Mayors Office, P.O. Box 429, Biloxi, Mississippi 39533.

Engineer: Brown, Mitchell, and Alexander, Inc. / Biloxi / (228) 436-7612

Scope of Work:

Site work for a water / sewer project in Biloxi, Mississippi. Completed plans call for site work for a water / sewer project.

Engineers Estimate \$2.2 \$2.4 Million.

Work on which proposals are invited consists of approximately 5,000 linear feet of concrete and composite decking boardwalk construction from the Small Craft Harbor to Oak Street. The boardwalk will be constructed atop the existing seawall. Some amenities will include structural concrete, concrete flatwork, composite decking and timber beach access stairs. The maximum time allowable for completion of said project is 300 calendar days following the CITY'S written order to commence (Notice to Proceed). The successful bidder will be required to furnish a 100% Payment and Performance Bond if the bid equals or exceeds \$25,000. If the bid is less than \$25,000, the City of Biloxi may elect to make a lump sum payment at the completion of the job, in which case a payment and performance bond shall not be required. Proposals must be accompanied by a Proposal Guaranty consisting of a Bid Bond, Cashier's Check or Certified Check in the amount of 5% of the amount of the bid. Bids of less than \$50,000 will be marked on the outside that the bid contained within does not exceed \$50,000. When bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars (\$50,000.00), on the exterior of the bid envelope shall be deemed in compliance by including the same information as an attachment with the electronic bid submittal. Bids, which are for work outside of the classification listed for any bidder, shall be returned unopened. Questions regarding website registration and online orders please contact web support at (662) 407-0193.

The City reserves the right to reject any and all bids and to waive any informality in the proposal accepted. No bidder may withdraw his bid within 90 days after the actual date of the opening thereof

HIGHLIGHTED PROJECTS FOR THE MONTH OF JANUARY 2021

HIGHLIGHTED PROJECTS FOR THE MONTH OF JANUARY 2021

Pope Elementary HVAC and Reroof Project

Bid Date: February 2, 2021

Bid Time: 2:00 P.M.

Project Location: Philadelphia, MS / Neshoba County

Bids To: Sealed bids will be received for the project named by the owner . Envelope shall be addressed to Tim Wilder, Superintendent of Schools, 204 College Street, Batesville, MS. 38606. Electronic bids are not required by the owner, but offered as another means to submit a bid. Single stipulated sum bids will be received for all work required by the contract documents in accordance with the Instructions to Bidders.

Architect: Dale Bailey Associates / (601) 790-9432

Scope of Work:

Renovation of an educational facility in Pope, Mississippi. Completed plans call for the renovation of a educational facility. Project consists of Reroof and HVAC improvements to an existing elementary school building. The Owner has set a goal of 15% participation of locally owned companies for this project and a goal of 15% minority / woman owned participation for this project. Contractor must prove and document a good faith effort in writing of their efforts to obtain these goals within (7) days of notification of award of contract. Owner will receive sealed lump sum bids until the bid time and date at the location given below. Bid proposals must be delivered in a sealed envelope marked plainly on the outside of the envelope with the following: "Pope Elementary School HVAC and Reroof Project; Project number 20079. . In addition, the envelope shall list the bidders Company name, Company address and all applicable state and local license and registration numbers of the bidder. Envelopes not so marked are submitted at the risk of the bidder as the Owner and Architect assume no responsibility for the premature opening of any bid envelope by any employee of the Owner or Architect. Owner will consider bids prepared in compliance with the Instructions to Bidders issued by Owner, and delivered as follows. Proposals shall be submitted in duplicate only upon the blank proposal forms provided with the specifications and must be accompanied by Proposal Security in the form of a Certified Check or acceptable Bid Bond in the amount equal to at least five percent (5%) of the Base Bid: such security to be forfeited as liquidated damages, not penalty, by any bidder who fails to carry out the terms of the proposal, execute a contract and post Performance and Payment Bonds in the form and amount within the time specified. The Bid Bond, if used, shall be payable to the Owner. Bid security shall be submitted with each bid in the amount of days after opening of bids. Owner reserves the right to reject any and all bids and to waive informalities and irregularities. The owner reserves the right to postpone action and final decision for a period of up to ninety (90) days. Bidders' Questions: Architect will provide responses at Prebid conference to bidders' questions received up to two business days prior to conference. Questions regarding portal registration and online orders please contact Plan House Printing, 607 W. Main Street Tupelo MS 38804, (662) 407-0193. Bid Documents will only be made available to plan holders as entire documents. Partial sets will not be issued. Successful bidder shall begin the Work on receipt of the Notice to Proceed and shall complete the Work within the Contract Time. Work is subject to liquidated damages.

HIGHLIGHTED PROJECTS FOR THE MONTH OF JANUARY 2021

Hancock County Dedeaux Storm Shelter Repair

Bid Date: February 4, 2021

Bid Time: 10:00 A.M.

Project Location: Kiln, MS / Hancock County

Bids To: Sealed or electronic bids will be received at the Board office of the Hancock County Board of Supervisors located at 854 Highway 90, Bay Saint Louis, MS 39520, Attn: Eddie Favre, County Administrator

Architect: LPK Architects / (228) 265-7980

Scope of Work:

Renovation of a municipal facility in Kiln, Mississippi. Completed plans call for the renovation of a municipal facility.

Awards based on conditions stated in Instructions to Bidders, Project Manual, & indicated on Drawings. Bids submitted in duplicate on form provided. Bids received on or before time and date stated for opening for bids; no bid may be withdrawn after opening of bids for a period of 60 days. Bidders must hold a Certificate of Responsibility to comply with Sections 31-3-1 through 31-3-23 Mississippi Code of 1972 and amendments thereto and be licensed by the Mississippi State Tax Commission. As per section 31-3-21, all bids submitted for private projects where said bid is in excess of \$50,000 shall contain on the outside of the envelope the Contractor's current Certificate of Responsibility Number. No bid shall be opened unless such certificate number appears on the envelope or unless there appears a statement on the outside of the envelope to the effect that bid enclosed therewith did not exceed \$50,000. Nonresident bidders shall also comply with 31-3-21 concerning preference requirements. The Certificate of Responsibility Number or Statement as thus noted; the Bid Name (Hancock County - Dedeaux Storm Shelter Repair); and the bidder's name and address must be clearly indicated on the outside of the sealed bid envelope or said bid will not be opened and/or considered. Owner reserves the right to reject any or all bids and to waive informalities.

HIGHLIGHTED PROJECTS FOR THE MONTH OF JANUARY 2021

RFQ Engineering services - FY2021 Community Development Block Grant (CDBG) Engineering Services Water Improvements

RFQ: January 27, 2021

Bid Time: 11:00 A.M.

Project Location: West Point, MS / Clay County

Bids To: Invited to submit a proposal, in accordance with this request, to the Office of the Chancery Clerk, 365 Court Street, P. O. Box 815, West Point, Mississippi 39773. All proposals must be submitted in a sealed envelope and marked with the following language.

Scope of Work:

Site work for a water / sewer project in West Point, Mississippi. Conceptual plans call for site work for a water / sewer project. Cost to be \$800,000 - \$900,000

To provide engineering services for work related to the implementation of approved FY2021 CDBG and/or ARC project(s) related to water improvements. The Engineer will be responsible for preparing project cost estimates for application preparation and if awarded, the selected Engineer will provide all engineering services through project closeout in accordance with federal, state and local laws, regulations and policies. The scope of work includes, but is not limited to, the following: 1.) prepare plans and specifications; 2.) distribute bid documents; 3.) assist in bid opening and prepare bid tabulation; 4.) assist in the execution of construction contracts; 5.) hold pre-construction conference; and 6.) perform construction inspection including periodic reports to the County and approve all payment requests. The Clay County Board of Supervisors is an Equal Opportunity Employer. The County encourages Minority-owned Business Enterprises (MBEs) and Woman-owned Business Enterprises (WBEs) to submit proposals. The County also encourages Section 3 eligible businesses to submit proposals. Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 17010) requires, to the greatest extent feasible, that the County and its contractors that participate in the above referenced Program, give opportunities for job training and employment to lower income residents of Clay County. Section 3 also requires that contracts for work in connection with the Section 3 area be awarded to Section 3 eligible business concerns. Proposals will be evaluated on the following factors: Qualifications (40 points), Experience (40 points) and Capacity for Performance (20 points). To be evaluated properly, the following must be addressed in detail: Qualifications - List of qualifications of persons to be assigned to project;

Experience - Information regarding the firm's experience and the projects previously undertaken, including the type and amount of grants awarded, the projects activities, and the status of the projects;

Capacity for Performance - Identify the number and title of staff assigned to provide services.

The County will designate a selection committee to evaluate each proposal. The selection committee may hold proposals for a period of not to exceed thirty (30) days for the purpose of reviewing the content of the proposals and investigating the qualifications of the firms and assigned individuals. The County reserves the right to reject and/or all proposals.
